

U of T Destination ImagiNation® 2014-2015
DESIGN & CONSTRUCTION PROJECT SUPPORT
University of Toronto – 256 McCaul Street, Toronto

Description

U of T Destination Imagination (DI) is offering design and construction project support to student groups. U of T DI advocates for creativity and problem solving through the combination of technical design and fine arts. As such, this year we are offering student groups the opportunity to bring their own theatre or fine arts inspired projects to life with our help! U of T DI will be providing student groups training and access to a wide range of tools, workshop space to construct their project, feedback on their project designs, and guidance throughout the construction process.
